The City of London working in conjunction with IBI Group consultants, has completed a Streetscape Master Plan for the Hamilton Road corridor extending from Highbury Avenue in the east through to Horton Street in the west. This Streetscape Master Plan will serve to guide future municipal and private development projects within the corridor by:

WHAT

Establishing
Streetscape Objectives

Establishing Standards
For Roadway
Cross-Sections

Identifying Opportunities
For Landscape
Enhancements For Areas
Within The Public Realm

The Community Information Meeting will include a presentation of the overall Streetscape Master Plan for the entire corridor as well as planned surface restoration works that are to be included as part of the Infrastructure Renewal Works for the section of Hamilton Road from Egerton Street to Chesley Avenue, which is scheduled for construction in 2018.

WHERE

BMO Centre – Upstairs Meeting Room
295 Rectory Street, London

WHEN

Wednesday, October 4th, 2017
5:30 to 7:30pm

Presentations At: 5:30 pm and 6:30 pm with Q&A to follow

WHO

Everyone is welcome including: residents, businesses, and property owners in the community of the Hamilton Road Community Area having an interest in the corridor.

SPECIAL NOTE

Please note that this meeting is to present the Streetscape Master Plan and the first phase of implementation which is to be completed through the Infrastructure Renewal Works to be undertaken in 2018.

There will be a future public information meeting in this fall to present and discuss the proposed 2018 construction works including details regarding private storm and sanitary sewer connections; property access during construction and other construction details.
